INFORMATION

Suggestion: When the time comes to make these calls, place the phone on the speaker and lay the phone down in such a position so that you can hear when it is your turn. Write a note about your questions – keep this note next to your phone.

WHEN YOU CALL/CONTACT ANYONE ABOUT YOUR SPOUSE'S DEATH HAVE THE FOLLOWING ON HAND:

1. Full Name (including middle name) of your Spouse.
2. DD214 Certificate of Release or Discharge from Active Duty

What Is a DD214 Form? Your military discharge papers are officially known as DD Form 214, or just DD214. All veterans receive this Certificate of Release or Discharge from Active Duty once they are out of the military. In a nutshell, the DD214 is proof of your military service. All branches use this same form.

Note for Reservists: Not every person associated with military service will have a DD214. If you're in the active or inactive reserves, you are technically not fully separated from your service. The same is true for anyone in the National Guard or those who haven't completed their service or been formerly discharged. Reserve members are only issued a DD Form 214 if they were on active duty. This document is usually given after initial training and separation from active duty after serving at least 90 consecutive days. If a person was a reserve member but was never activated, they won't get a DD Form 214. *(Google 01-23-24)*

3. Death Certificate: In Arizona, it is usually provided by the funeral home. However additional death certificates may be provided to the next of kin by the Arizona Department of Health Services.

 - **Names and addresses of retiree's designated beneficiaries or next of kin, living and deceased**
- #### **DFAS How to Report a Retiree's Death**

3. **Complete the SF 1174** you received with your letter and

When to Report a Retiree's Death

Please report the retired service member's death as soon as possible. This will help avoid delay and possible financial hardship to surviving beneficiaries, family members or executors, who will be required to return any unearned military retirement payments. Eligibility for military retired pay ends with the death of the retiree. Therefore, if a retired pay payment was issued for the month in which the retiree died, the bank will be notified to return the payment upon notification of death. The beneficiary of the AOP may be due a prorated amount for the month of death. Never return money yourself unless specifically asked to.

Additional tips to assist you in making your claim

- When requesting the deceased retiree's 1099R, please submit a copy of the certificate of death (COD). The 1099R cannot be issued until the date of death (DOD) is confirmed.
- Please see the [How to Claim a Retiree's Arrears of Pay Using the SF 1174](#) page for how-to information and helpful tools for filling out and submitting the SF 1174.

Survivor Benefit Plan

Enrollment in an annuity plan is a decision that requires careful consideration. If you are considering enrolling in an annuity plan, you should review the:

- [advantages and disadvantages](#)
- [costs](#)
- [beneficiaries eligible for coverage](#)
- [limitations on leaving or changing coverage](#)

The Survivor Benefit Plan (SBP), Reserve Component Survivor Benefit Plan (RC-SBP) and Retired Serviceman's Family Protection Plan (RSFPP) provide eligible beneficiaries with a form of benefit called an "annuity". An annuity is a monthly payment for the lifetime of the beneficiary. The amount of the benefit is a percentage of your retirement benefit based on your election.

Enrollment in an annuity plan is not automatic and there are costs. If you are enrolled, you will pay premiums for your SBP coverage. In addition, you can only leave an annuity to eligible beneficiaries.

Election to participate in these programs is generally made at the time of retirement, although some situations allow a retiree to add coverage after retirement. In most cases, costs to participate are deducted from the retiree's monthly pay and are based on the amount of coverage a retiree elects.

The SBP election does not entitle the beneficiary named for SBP to Arrears of Pay (AOP). A separate AOP designation must be made in order to designate the desired individual.

TAPS NATIONAL MILITARY SURVIVOR HELPLINE • 202-959-TAPS (8277)

A caring network of peer professionals is standing by to provide emotional support, connection to resources and programs, a listening ear, and open access to all that TAPS provides. Survivors can call any time, day or night. We always answer, we always have time, and we always care.

PEER-BASED EMOTIONAL SUPPORT • TAPS.ORG/PEERMENTORS

At TAPS, survivors help survivors heal. Survivors at least 18 months out from their loss can receive training and join our national network of Peer Mentors. Newly bereaved survivors are closely matched with a Peer Mentor based on manner of loss and relationship to their loved one to help them navigate their unique needs in the aftermath of loss.

COMMUNITY-BASED GRIEF SUPPORT • TAPS.ORG/GRIEFCOUNSELING

The right mental health or grief professional can guide military survivors to discover their strengths, develop coping skills, navigate relationships, and explore secondary losses. TAPS carefully connects survivors to the right mental health professional, trauma resources, and support groups, all within their local community.

CASEWORK ASSISTANCE • TAPS.ORG/CASEWORK

Our casework team provides compassionate, customized support to surviving families in alignment with TAPS partners and third-party resources. Caseworkers can provide pro-bono legal assistance, emergency financial resources, state and federal benefit information, and private social services support to guide families toward long-term stability and self-sufficiency.

EDUCATION SUPPORT • TAPS.ORG/EDU

TAPS Education Support services empower survivors in pursuit of post-secondary education by connecting them to benefits, resources, and scholarship information that meet their financial needs and educational goals.

SURVIVOR CARE TEAM • TAPS.ORG/SURVIVORCARETEAM

Survivor Care Team members are surviving military family members with extensive professional training in peer-based support, traumatic death, suicide prevention and postvention, and grief support. These skilled listeners assess the needs of the newly bereaved, create safe spaces for sharing, and empower the pursuit of the healthy coping skills and long-term support systems TAPS can provide.

SUICIDE LOSS SUPPORT • TAPS.ORG/SUICIDE

Death by suicide can leave behind a wake of powerful, complicated emotions and questions that shape a unique grief journey. TAPS provides compassionate support and hope for all suicide-loss survivors and safe spaces to honor and grieve. Survivors are gently guided toward a path of healthy grieving, healing, and growth.

ILLNESS LOSS SUPPORT • TAPS.ORG/CAREGIVER

TAPS ensures families whose loved one died from illness are recognized, cared for, and aware of pertinent benefits. We advocate for improvements in caregiver support and raise critical awareness about the unique needs and situations of military caregiving families, including the effects of toxic exposure. TAPS also provides healing peer connections and programs that support healthy next steps for caregiving survivors.

ONLINE COMMUNITY • TAPS.ORG/ONLINECOMMUNITY

Our online community brings the meaningful connections of TAPS directly to survivors, wherever they are. Online groups are peer-led, facilitated sessions where there's never pressure to share, but always an opportunity. TAPS workshops and online series build supportive communities that learn and process new information together and create space to share perspectives in an effort to find inspiration, clarity, and connection.

WOMEN'S EMPOWERMENT • TAPS.ORG/EMPOWERMENT

TAPS Women's Empowerment programming provides surviving women with the tools and confidence to shape their identity, spirituality, and goal setting in their lives after loss. A combination of in-person and online events foster a vibrant, compassionate community where participants treasure opportunities to be each other's teachers, confidants, cheerleaders, and friends.

MEN'S PROGRAM • TAPS.ORG/MEN

The TAPS Men's Program was designed by men, for men. It paves the way for all men to grieve their way, at their own pace. Surviving men lean on each other, share perspectives, grow stronger by elevating one another, and honor the legacy of their military and veteran loved ones.

YOUTH PROGRAMS • TAPS.ORG/YOUTHPROGRAMS

Though their lives are impacted by grief, young TAPS survivors know their lives will also be marked by camaraderie, mentorship, emotional maturity, adventure, and fun. TAPS Youth Programs — led by experts in child development, children's grief and loss, mental health, and education — provide safe spaces for surviving military children (ages 5-18) to explore grief and embrace healing at Good Grief Camps and Family Camps. Online programming is also available for parents and guardians of grieving children.

YOUNG ADULTS PROGRAM • TAPS.ORG/YOUNGADULTS

Five pillars of growth — Personal Development, Financial Stability, Communication, Career Development, and Service to Others — guide survivors, ages 18-30, as they grow with their grief. Through in-person, multi-day experiences, and online group discussions, young adult survivors connect and engage with others to create a well-rounded life full of hope, healing, and growth.

TAPS INSTITUTE FOR HOPE AND HEALING® • TAPS.ORG/INSTITUTE
